

# COLORADO STATE PATROL 80TH ANNIVERSARY YEARBOOK

In celebration of the 80th Anniversary, the Colorado State Patrol has produced a pictorial style history book, paying tribute to the men and women who have served throughout our rich history.

This is a comprehensive look at the history of the patrol, from its beginnings in 1935, to its present form in 2015. With 228 pages, including many never before seen photographs, this is an extensive look at our organization in images. From historical information and photographs, to the uniforms and weapons used, to a look at the Districts and Branches that carry out everyday duties and the men and women that proudly serve as members of the Colorado State Patrol. This book has been produced by the CSP Marketing team in an effort to provide a snapshot of our history.

The 80th Anniversary book is being produced in a soft cover, magazine style publication so that preorders and order minimums are not required. All members will be provided a pdf copy of the book, and those that wish to display the book or those who are collectors of CSP publications can purchase a printed copy at their leisure with on demand printing.
